Necessary Roughness: In Search of Lost Souls by Robert E. Howard This novel contains a number of events that took place before the events of The Dead Men's Grave. The book begins in 1340, after the death of King Philip, and follows the efforts of several of the royal family and the military to find a way home. Howard has written more extensively about this work than usual, and this is an exceptional introduction to this work. [size=2][size=8]Necessary Roughness: In Search of Lost Souls by Robert E.
